

PRONTECH™ MODE OF ACTION

PronTech™- Kills on contact

PronTech™- Reduces water surface tension to easily penetrate to the root

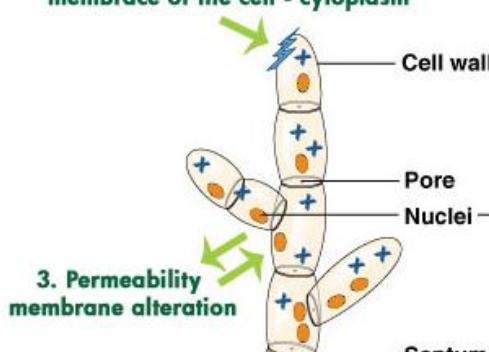

Our encapsulated urea (nitrogen) allows PronTech™ to be systemic. Allowing PronTech™ to fight pathogens from inside out.

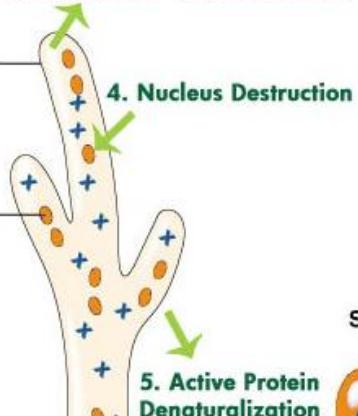

PRONTECH™ VS. FUNGI

1. Neutralizes charges from the membrane of the cell - cytoplasm

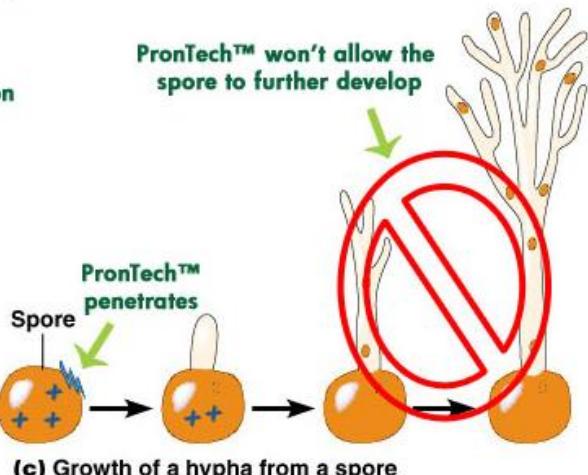

2. Tensoactive Breakthrough HYDROPHILIC - METHYL GROUP

(a) Septate hypha

(b) Coenocytic hypha

(c) Growth of a hypha from a spore

+ = PronTech™Turf
